

HEVILIFT GROUP – SUSTAINABLE DEVELOPMENT POLICY

Hevilift is committed to the goal of sustainable development; which is the ability to meet the needs of the present while preserving and contributing to the needs of our future generations. Where ever we operate we contribute to sustainable development by helping to satisfy global and community needs and aspirations, whether economic, social or environmental. This means making sustainable development considerations an integral part of our business plans and decision making processes.

We believe that operating consistent with leading standards of health, safety and environmental management, contributing to the development of sustainable communities, and engaging with our stakeholders in two-way open dialogue, while respecting people's culture and heritage values, enhances our corporate reputation and is a source of competitive advantage.

In implementing this Policy, we will engage with and support our employees, contractors, suppliers, customers, business partners and host communities in sharing responsibility for meeting our requirements.

We will be successful when we achieve our targets towards Zero preventable accidents, are valued by our host communities, and provide lasting social, environmental and economic benefits to society.
